

low level planning

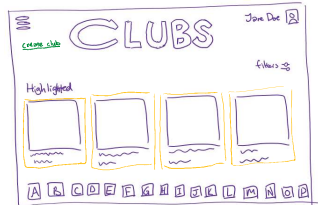

Tuesday, August 26, 2025 1:48 PM

Roles:

- User
 - Default role for students
 - Able to view site, see club pages and click the join button on club pages
 - That's it
- Club admin
 - Club advisors and student Leaders
 - All of the above
 - Edit club info
 - Able to see and approve members off the interested list
 - Able to remove and add members
 - Able to create an attendance list
 - Able to create events
 - Able to create posts
- Admin
 - Hunley, Me, Miller, Easterday must be assigned by backend
 - All of the above
 - Able to add and delete clubs
 - Activate and deactivate clubs

Landing page:

- 'CLUBS' with the culver C at the top of the page
- Clubs appear as square images with the club name beneath
 - Order of clubs:
 - Either alphabetical
 - Or have different sections of
 - Service
 - Competition
 - Academic
 - Creative
 - Based off a poster in Hunley's office
 - Show (4) at the top that are selected by Hunley to be at the top
 - Filters:
 - Service
 - Competition
 - Academic
 - Creative
 - Based off a poster in Hunley's office
 - By day they meet
- The entire yellow box will be a hyperlink (clickable) to take you to the club page
- 'create a club' hyperlink that only shows up for admins
 - Takes them to a page with a form to create a club

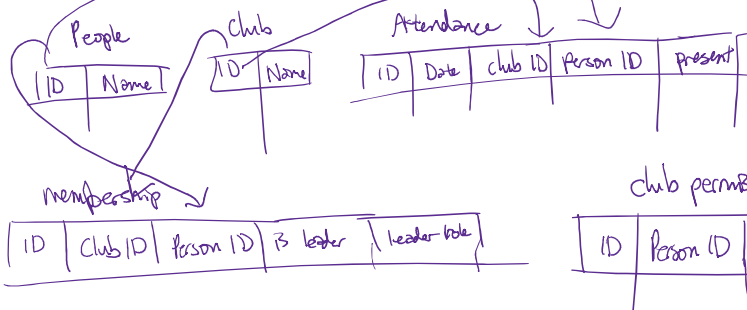

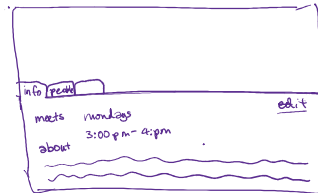

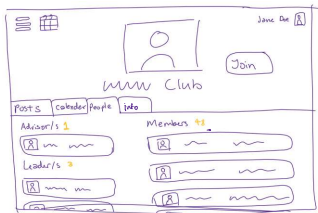

Create Club page:

- Regular form, titled Create Club
- Input:
 - Text box for club name
 - Number for id
 - Dropdown or text box for adult advisor
- Optional:
 - Drop an image
 - Leaders
 - Meeting day dropdown
 - About text box

Form spaces
id number: (int)
name: (text)
advisor: (search through adults)
Day of meeting: (Monday - Sunday, n/a) ??
Number of times each month?

Club page:

- Image at the top center, same image as shown on landing page
- Name of club, same as landing page
- Join button
 - Clickable link/button
 - If user is 'member' or 'leader' of a club, it is not clickable and says 'joined' with a checkmark
 - If user is not member, if they click it it adds their user to interested list
- Tabs that are clickable
 - People
 - "add an interested" button
 - Club admins and site admins can see this and click to show text box where they can add a person from their name or ID
 - Advisor list
 - ID pic
 - name (cut at certain amount of letters)
 - Leader list
 - Members list
 - Interested list
 - Only shown to Club leaders, advisors and admins
 - Next to their name, clickable link that says "approve" which will move them to members
 - Info
 - Default page that shows up when you go to a club page
 - Page of just regular text
 - Which day of the week they meet
 - What time they meet
 - Description of the club, their mission, what they do
 - Edit hyperlink
 - Day of the week is a dropdown
 - Monday
 - Tuesday
 - Wednesday
 - Thursday
 - Friday
 - Saturday
 - Sunday
 - Varies
 - Time is text, or if possible a time type of drop down
 - Description is just a text box
 - Attendance
 - Only club leaders, advisors and admins can see this tab
 - Create new attendance sheet hyperlink
 - Exporting
 - Columns for each day

Attendance sheet

- Creates table in backend
 - Name
 - Columns: Attendees, Present
 - Attendees is names
 - Present is 1 or 0 (or true or false), default 0
 - Ask easterday (new table each day)
- Date dropdown (or whatever its called)
 - Becomes the name
- List all members, same way as on people tab (alphabetical)
- List all interested, same way as on the people tab (alphabetical)
 - Button next to them that says 'present'
 - If present is clicked, update 0 to 1
- Save button at the top, when clicked, create table

Attendance Revamp

when on relevant page, check and show or hide

- Attendance tab only visible to Club Leaders, Advisors and Site Admins
- "Create New Meeting" Button that takes you to a form page
 - Date input
 - Text Meeting Description input
 - Table of all student leaders, members and interested

Import system (maybe not me coding)
